HOME BUILDERS PLAN BOOK

A Book of Designs of Modern Homes illustrated with Half-tone and Line Engravings of the Latest type of homes built in and about Omaha. Illustrations and drawings by Burd F. Miller, Architect

Published by HOME BUILDERS, Incorporated
AMERICAN SECURITY COMPANY
FISCAL AGENTS
OMAHA, NEBRASKA

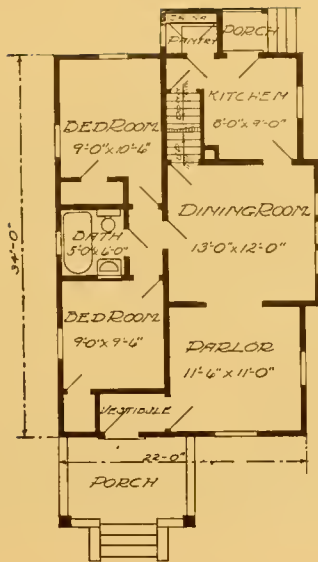

The interior of each and every one of the homes shown in this book is very completely detailed. The finish in most cases is very simple, but a glance at the interiors shown here will convince the most skeptical that it is certainly pleasing, and also artistic.

Design No. 127

This is one of the best arranged homes for the price we have. No wasted space and the price is an inducement. It makes a nice looking home and also gives the modern conveniences. Plans and specifications, complete, \$10.00.

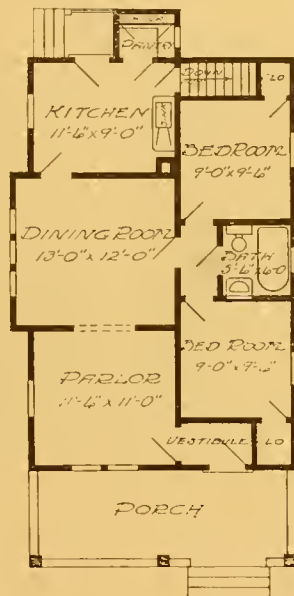

FLOOR PLAN

Design No. 128

A plain cottage, but it is well balanced. That is why it looks so neat and cozy. This is also a splendid arrangement of rooms. Very complete in detail and conveniences. Plans and specifications, complete, \$10.00.

3500

FLOOR PLAN

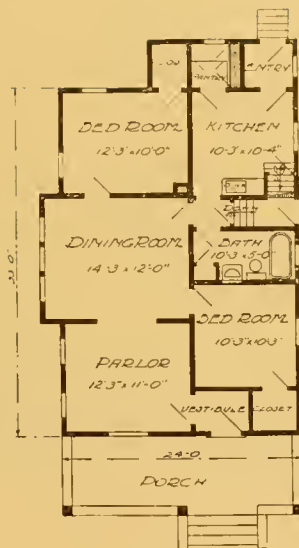

Design No. 129

It is the little touches that makes a beautiful exterior appearance in the small bungalows. This is one where the bungalow siding has been used with effect. Note also the complete arrangement of the floor plan. Plans and specifications, complete, \$10.00.

Design No. 130

A convenient arrangement of rooms in a small house is difficult. This is one that has had a great deal of study. Note the grade entrance with the combination stairways, a feature that is exceedingly desirable. Plans and specifications, complete, \$10.00.

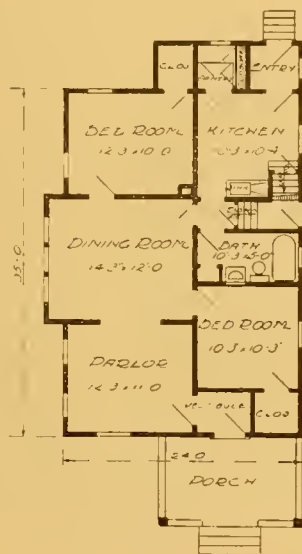

FLOOR PLAN

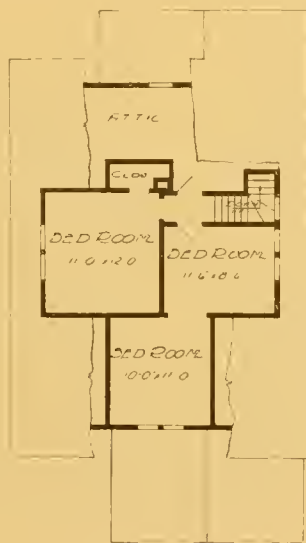

Design No. 133

A splendid design for a moderate priced home and one that is attractive. The bungalow siding and shingles go to make a nice exterior. The interior arrangement, while simple, has an attractive finish of the craftsman order. Plans and specifications, complete, \$10.00.

FIRST STORY PLAN

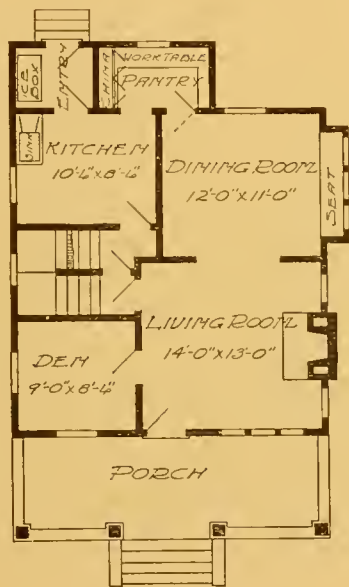

SECOND STORY PLAN

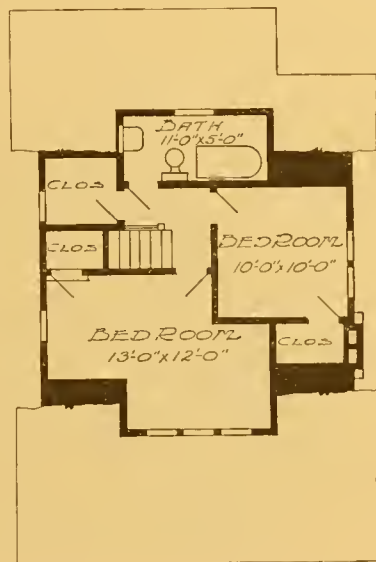

Design No. 134

A square house handled differently takes away the sameness. This gives an individuality that is pleasing and the cost is small. An ideal plan for a home. Plans and specifications, \$10.00.

FIRST STORY PLAN

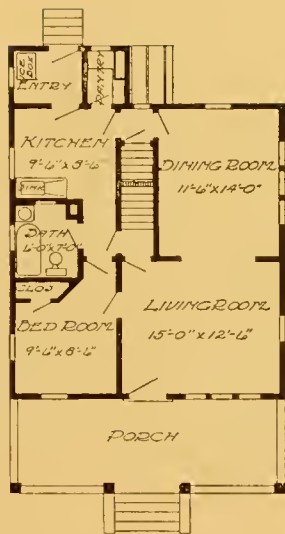

SECOND STORY PLAN

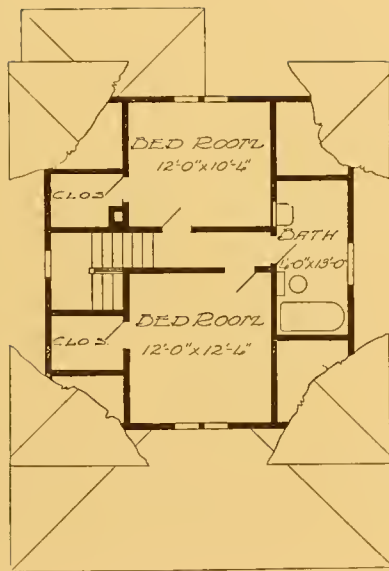

Design No. 135

Of a somewhat plainer design, but very attractive. A good home for the money. Designed with a tasty interior and all modern as are all of these plans. The basement and second story are large and roomy. Plans and specifications, complete, \$10.00.

FIRST STORY PLAN

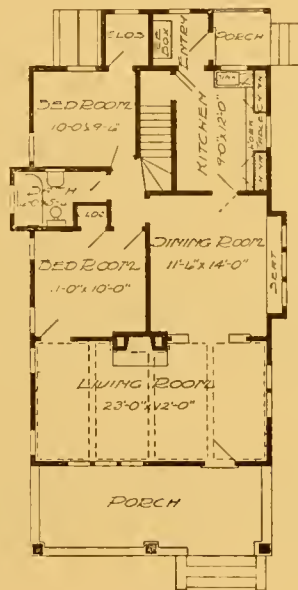

SECOND STORY PLAN

Design No. 137

A simple cottage with the bungalow effect. It makes a beautiful home and is complete with fireplace, beamed ceilings, hardwood floors and finish, etc. One that will look well always. Plans and specifications, complete, \$10.00.

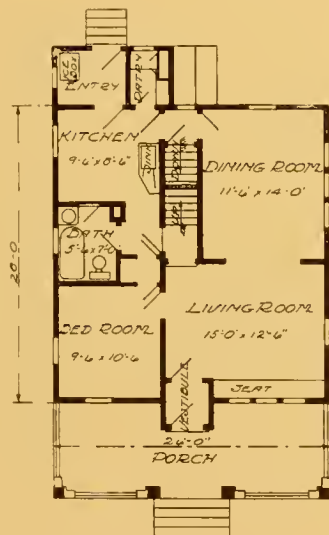

FLOOR PLAN

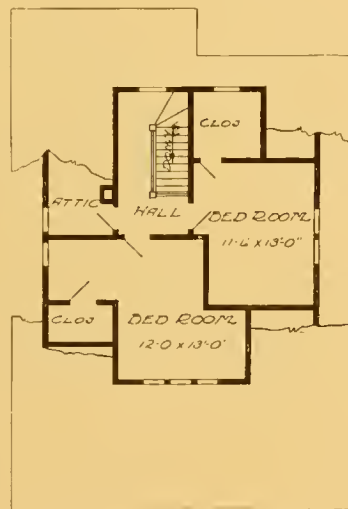

Design No. 138

A little touch of individuality makes a great difference with a plain building. This one is a good example. Very complete in plan of interior. It is very desirable for the price. Plans and specifications, complete, \$10.00.

FIRST STORY PLAN

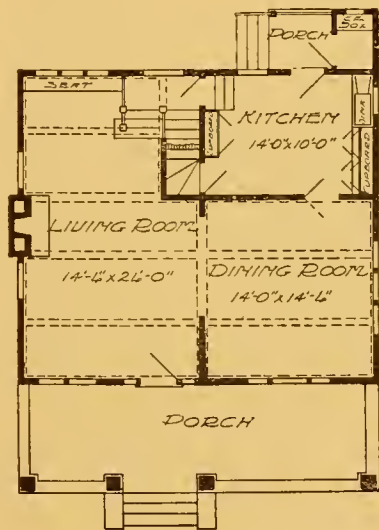

SECOND STORY PLAN

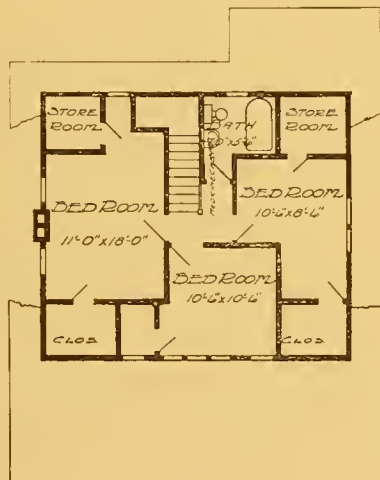

Design No. 139

The living room and dining room are features of this home. The beamed ceilings, fireplace and simple detail make it very pleasant. A den and balcony can be added if desired. The exterior is covered with shingles. Plans and specifications, complete, \$10.00.

FIRST STORY PLAN

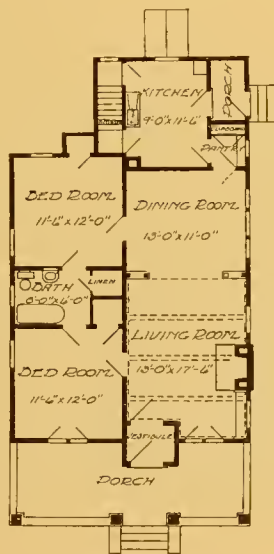

SECOND STORY PLAN

Design No. 141

A beautiful and convenient bungalow. The second story has space to finish two large rooms. The exterior is very attractive and the fireplace is of an odd design. Interior finish is special design and very pleasing. Plans and specifications, complete, \$10.00.

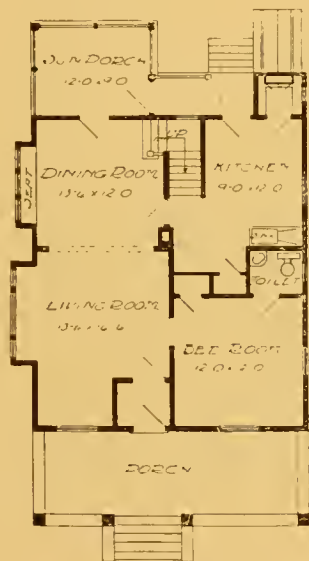

FLOOR PLAN

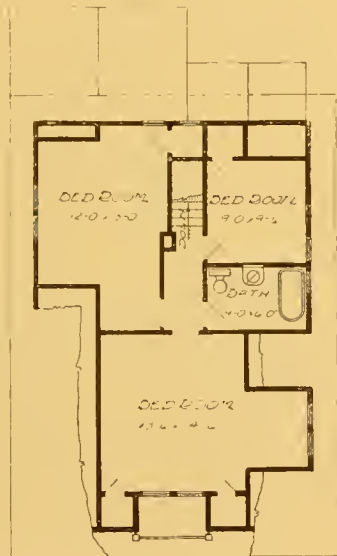

Design No. 142

The plans of this house are in great demand. It is a beautiful design and for the cost is hard to beat. The interior is very complete with many little conveniences not usually found in a home of this price. Plans and specifications, complete, \$10.00.

FIRST STORY PLAN

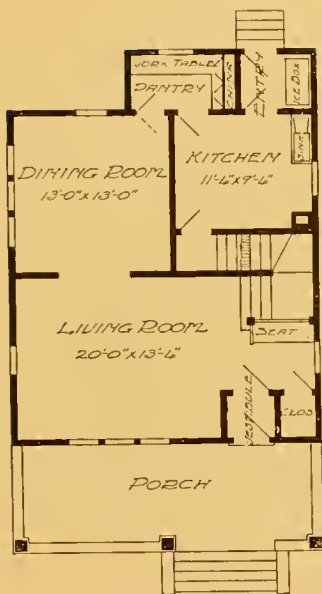

SECOND STORY PLAN

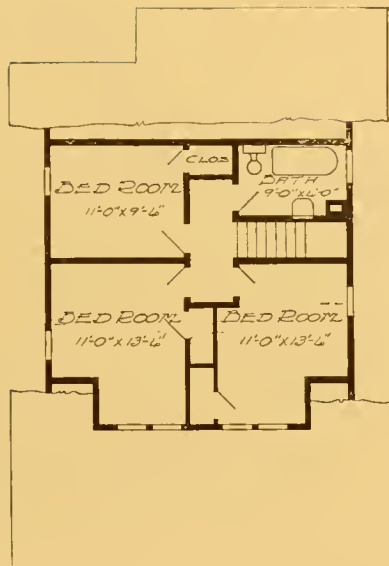

Design No. 145

This makes another splendid home for a moderate price. The elevation and floor plans are complete in detail. A fireplace can easily be added. Plans and specifications, complete, \$10.00.

FIRST STORY PLAN

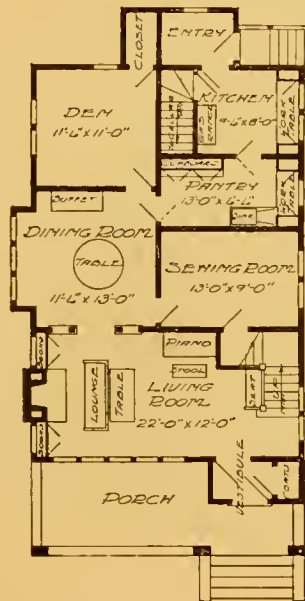

SECOND STORY PLAN

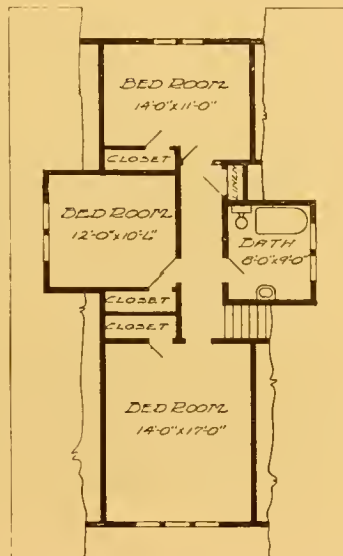

Design No. 146

You cannot beat this for a beautiful home. The design of exterior and also the arrangement of floors is splendid. It has all the conveniences that is possible to a home of this price. Get these plans. It will pay you. Plans and specifications, complete, \$10.00.

FIRST STORY PLAN

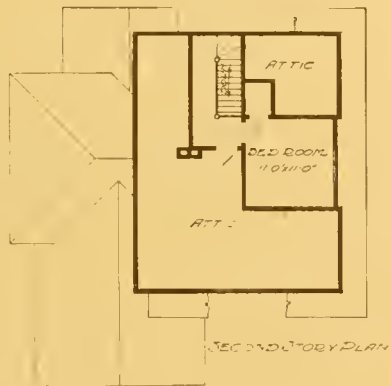

SECOND STORY PLAN

Design No. 147

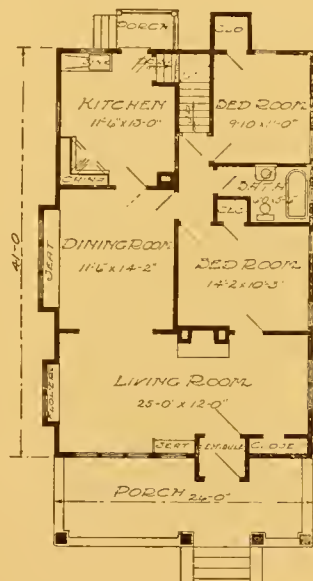

The exterior of this home is so arranged that it would do for either a corner or inside lot. It is well arranged with all the modern conveniences, the interior finish is hard wood and the floors are all polished. The bath room, as is the case with nearly all of these houses is finished in white enamel. Plans and specifications, complete, \$10.00.

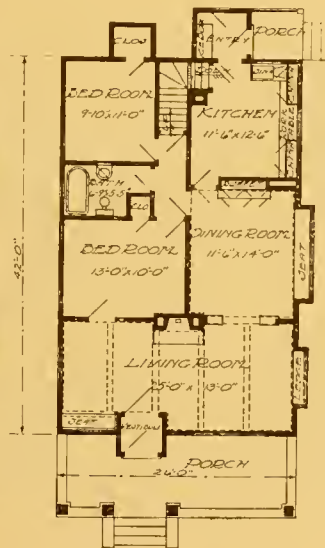

Design No. 148

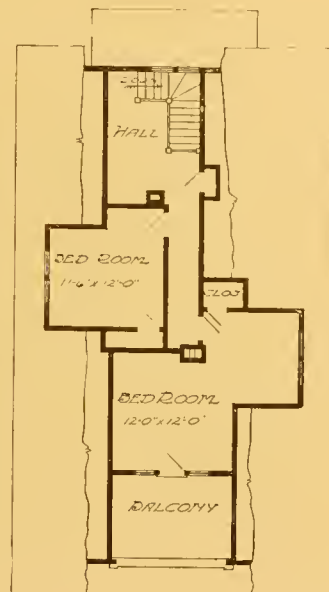

An attractive design for both exterior and interior. One that looks good anywhere. This is a complete home with many little conveniences that are appreciated by the housewife. The finish is hardwood with polished floors, etc. Basement complete with cement floors, etc. Plans and specifications, complete, \$10.00.

FIRST STORY PLAN

FIRST STORY PLAN

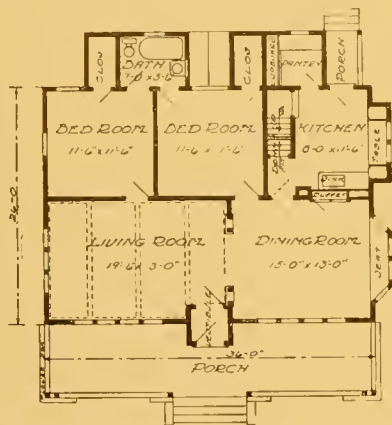

SECOND STORY PLAN

Design No. 149

With the wide side presented to the street this makes a very desirable plan. The lot should be at least 50 ft. wide though as otherwise there would not be sufficient lawn. The plan of this house is complete except fireplace which could easily be added. There is a built-in buffet, beams, etc. Plans and specifications, complete, \$15.00.

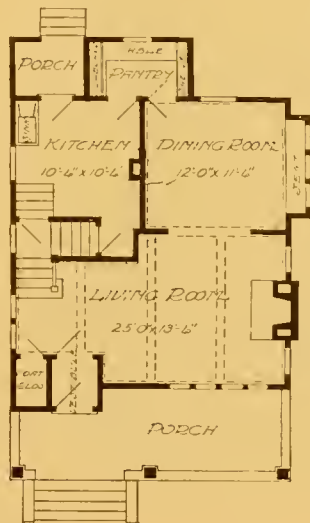

FLOOR PLAN

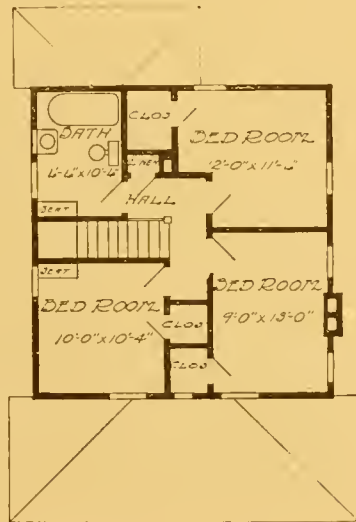

Design No. 150

This is our method of handling the square house which is so economical to build. Note that the exterior has the Chalet effect to an extent and also note arrangement of interior. A very complete home in every particular. Plans and specifications, complete, \$10.00.

FIRST STORY PLAN

SECOND STORY PLAN

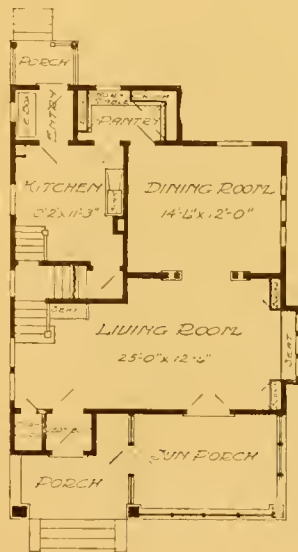

Design No. 152

This manner of plan gives a splendid front porch. It also allows a nice arrangement of rooms. This plan is complete with many little conveniences that the housewife likes. Plans and specifications, complete, \$15.00.

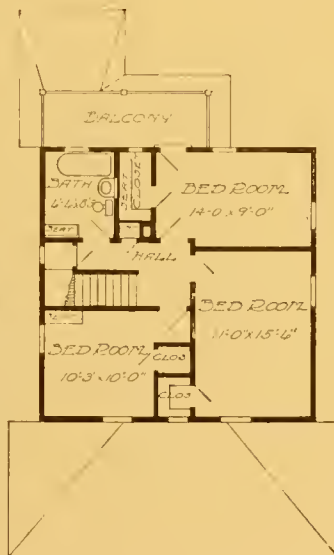

Design No. 153

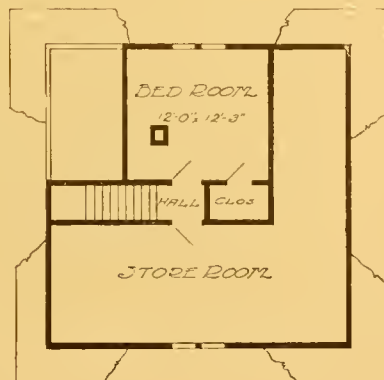

This plan shows a Solarium which is very desirable, especially in the winter. The rear balcony can also be made into a sleeping porch if desired. An excellent plan for a home and very complete in detail and finish. Look this over carefully. Plans and specifications, complete, \$15.00.

FIRST STORY PLAN

SECOND STORY PLAN

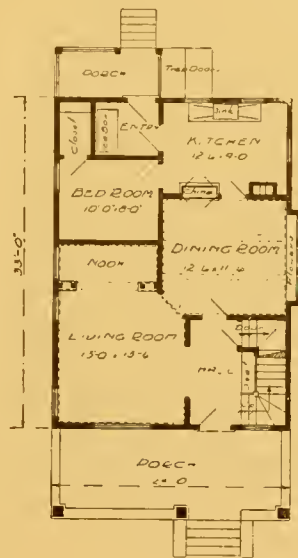

ATTIC PLAN

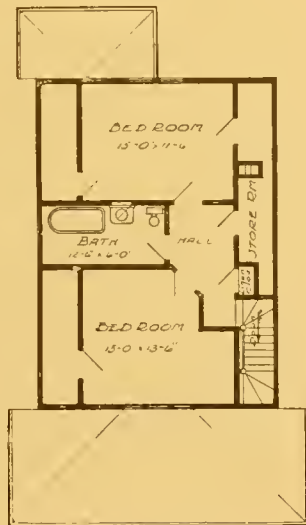

Design No. 154

The stucco has come to stay. Beautiful effects may be had with stucco exteriors. This is a good example, and while this is a simple design it has that stately appearance that nothing else can give it. This is a good plan and cannot be beat for the cost. Plans and specifications, complete, \$15.00.

FIRST STORY PLAN

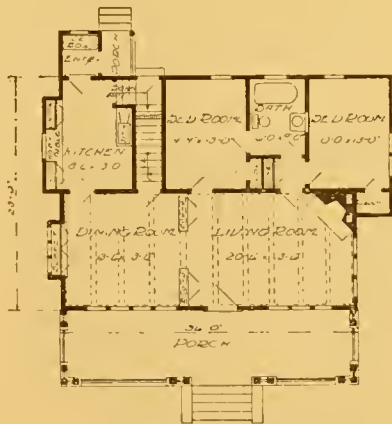

SECOND STORY PLAN

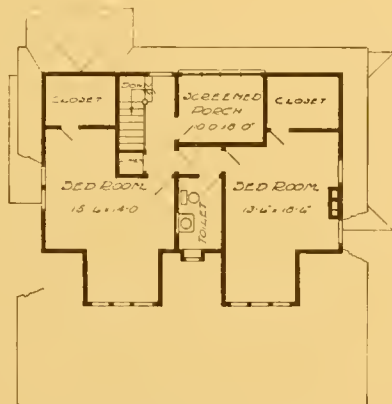

Design No. 155

For a 50 ft. lot this house would do and still leave room for lawn. The exterior is very pleasing, having the real bungalow effect. The interior is very complete with beautiful details and a nice fireplace. Plans and specifications, complete, \$15.00.

FIRST STORY PLAN

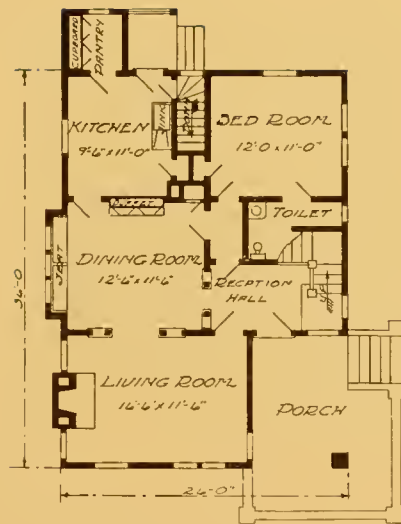

SECOND STORY PLAN

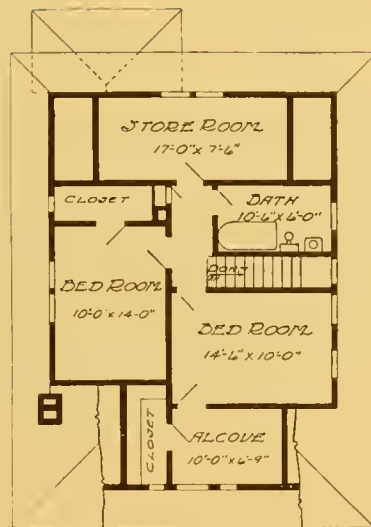

Design No. 158

The wide bungalow siding was used on the exterior of this house with a good effect. The colors, brown and white, make it very attractive. The arrangement of this home is exceptionally good. It also has a large fireplace. The exterior finish is nicely detailed. Plans and specifications, complete, \$15.00.

FIRST STORY PLAN

SECOND STORY PLAN

Design No. 165

The walls of this building are built of native stone, laid with a rustic effect. It makes a cheap and durable structure. Where stone cannot be had, brick can be substituted. Frame would be much cheaper. The plan is a good one, containing the latest modern details with many new effects in interior. The finish is hardwood with polished hardwood floors, fireplace, etc. Plans and specifications, complete, \$15.00.

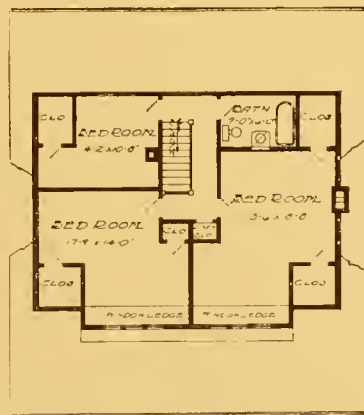

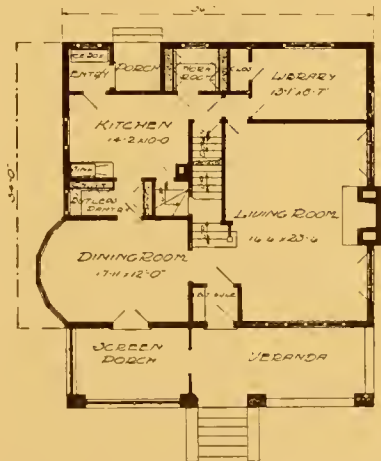

FLOORPLAN

Design No. 166

A brick cottage is comfortable and this one is arranged nicely. The interior is arranged with the best modern conveniences and this is a home that will look good anywhere. Interior designs of finish are unique, floors all hardwood, hardwood finish, large fireplace, etc. Plans and specifications, complete, \$15.00.

How You Can Get a Home All Your Own on Home Builders' Plan and Save Money

Home Builders will furnish the money and build you a home on any lot you select and any style of house you want for a small payment down and the balance about like rent—and save you money. Because.

- 1st. Free Architect working plans will be furnished.
- 2nd. No charges made for commission on money furnished.
- 3rd. No charges made for filing fees, etc.
- 4th. We buy building material for a large number of houses under construction at one time, enabling us to secure the lowest cash prices and thus effect a considerable saving. (Value of houses now under construction over \$40,000.00.)
- 5th. By our large and well organized construction organization we effect a big saving which is not possible when building only one house at a time—a fact worth remembering.
- 6th. The payments as made are applied on the mortgage, less accrued interest at time of payment, thus reducing the principal and stopping the interest on the sum so applied, which effects a saving of many dollars otherwise paid for interest—another very important matter to the home-buyer.
- 7th. Home Builders has its own money invested in each house it builds and therefore is equally interested with the home-owner in building each house first-class and according to plans and specifications—a fact all important to the home buyer.
- 8th. Home Builders protects the home-owner from liens being filed upon the house to secure the payment of bills for material and labor. It saves him the work of inspecting the lumber, material, and quality of construction,—facts worth remembering.
- 9th. Home Builders and the home-owner are mutually concerned and co-operate to the benefit of each other—because both have money invested and therefore have the same interest in securing the best house obtainable for a certain sum of money.
- 10th. Because of the above reasons, the home-owner gets the best service and the best house for his money. Our builders' profits are largely paid by the savings made under Home Builders' economical plan.

For these and other reasons Home Builders' plan appeals to the home-buyer. Each year the demand upon Home Builders to build houses increases. This fact alone is sufficient to establish confidence in those who may not be acquainted with the "New Way," which is the best way ever adopted.

Invest Your Savings and Idle Money in Home Builders' Shares

- Because:**
- 1st. It is secured by real estate mortgage.
 - 2nd. It will earn a guaranteed 7% interest paid to you January 1st and July 1st. Moreover,
 - 3rd. It will participate in the builders' profits which we make on every house we build.
 - 4th. It is used to build houses for Omaha home-owners which you can see daily and know where and what your security is.
 - 5th. It is readily regained by converting your shares into cash by resale under a guaranty issued with every share.
 - 6th. It will continue to earn more year by year as the surplus grows.

Get Home Builders' booklet, the "New Way," for full particulars.

How Sunderland Serves You

1st

By helping you select—and by furnishing—just the right
FACE BRICK for your new building, whether brick
throughout or only for foundation, chimney and fireplace.

2nd

By supplying "TEX-TILE" asphalt shingles for your roof
at but little, if any, higher cost than for stained or painted
wood shingles. Never any up-keep cost.

3rd

By placing on your hearth a nifty, appropriate pair of And-
irons, Spark Screen, Basket Grate, Fire Tools, etc.

4th

By furnishing "Certified" Coal, the highest quality your
money can buy. "Certified" heat is the best and most
economical.
